You know how I'm feeling girl, you gon make it blast  
And you keep on doing what you doing  
I'mma have to quit my pursuit

(Verse)

'Cus you want it girl, you know it right  
And baby you know you're out of sight  
You keep me feeling you (and I'm finna crash)  
No other women could baby

(Chorus)

Baby don't let me crash and burn  
When I'm aiming for your heart  
(don't let me crash and burn)  
I wanna give it to ya  
Any way you want it baby  
Fly like in heaven  
Out of my mind  
Mind yea  
Yea, yea  
Don't let me crash and burn  
Yea, yea  
Don't let me crash and burn

(Verse)

Women don't get discovered, yea  
Hurting for what? Don't know it  
Sugar fine, sweeter than the finest wine  
Let me be your man, I can be your Valentine

(Verse)

If it's cool with you (yea, yea)  
Just to ask you  
Getting rid of the pain in this place  
You have the claim on my heart  
Like you do, do it

(Chorus)

Baby don't let me crash and burn  
When I'm aiming for your heart  
(don't let me crash and burn)  
I wanna give it to ya  
Any way you want it baby  
Fly like in heaven  
Out of my mind  
Yea, yea  
Don't let me crash and burn

Yea, yea  
Don't let me crash and burn baby

(Interlude)

Here to find a man?  
Here I am, stop complaining  
Let's go!  
Let's go!

In the party got 100 bottles so baby leave with me tonight  
Let's go  
Let's go  
Let's go!

(Chorus x2)

Baby don't let me crash and burn  
When I'm aiming for your heart  
(don't let me crash and burn)  
I wanna give it to ya  
Any way you want it baby  
Fly like in heaven  
Out of my mind  
Yea, yea  
Don't let me crash and burn  
Yea, yea  
Don't let me crash and burn
