

# Power's Out

Justin Garner

(Verse)

Tell me what you want with me baby  
They gave a pill so you know they gon turn it off

But that's okay  
Long as I'm next to you  
Let the music play  
The sound of me and you

(Bridge)

And oh your love is so special  
Special, baby  
Got me talkin, talkin, out of my mind  
Let me hear you say, let me hear you say

(Chorus)

Oh, oh oh oh  
Love it when the power's out  
Oh, oh oh oh  
Love it when the power's out  
Oh, oh oh oh  
Love it when the power's out  
Oh, oh oh oh  
Baby, love it when the power's out

(Verse)

Won't you come jump on my body?  
Doing me things that you know make me rowdy  
I know it in the heart  
You got to me, we got apart  
And just feel your way, follow your heart  
Won't take me long to get where you are

Yea, I hit the spot  
See what happened when you let me do what I want

(Bridge)

And oh your love is so special  
Special, baby  
Got me talkin, talkin, out of my mind  
Let me hear you say, let me hear you say

(Chorus)

Oh, oh oh oh  
Love it when the power's out  
Oh, oh oh oh  
Baby, love it when the power's out  
Oh, oh oh oh  
Love it when the power's out

You and me  
Tell me what you want, baby  
The power's out, yea

(X2)

Don't you wanna get that?  
Have you back up, lights down, hit it one time, don't hold back

Don't you wanna get that from yo boy?

(Chorus)

Oh, oh oh oh

Baby, love it when the power's out

Oh, oh oh oh

Love it when the power's out

Oh, oh oh oh

Baby, love it when the power's out

Oh, oh oh oh

Love it when the power's out
