

# Amnesia

Justin Timberlake

[Verse 1]

Keeps coming closer, I don't but she thinks I know her  
Beautiful smile with those sad eyes  
That was my type, amnesia, that's over  
I can see you breathing, girl, it's colder -  
I can see you need me but I don't care  
My whole memory of me and I've gone so far from me, girl  
It's not fair  
I could feel it almost starts to change  
But then it hurts too much, that's when it starts to fade

[Chorus]

So cold baby, now I'm going crazy  
I don't know why you'd leave me alone.  
If it was true, if it was you  
Don't you think, don't you think I would know?  
Amnesia: every memory fades away till it's gone  
Where did you go?  
Amnesia: everything and nothing  
No 'we' anymore, she's a stranger that I used to know

[Verse 2]

Now these photos of us  
So happy, so in love  
Tell me what happened?  
Who were they? Where did they go?  
When was enough, enough?  
When did all the fire turn colder?  
When did your heart start to beat slower?  
My whole memory of me in love's gone so far from me, it's not fair  
And I can feel it almost start to change  
But it just hurts too much, I let it go away

[Chorus]

So cold baby, now I'm going crazy  
I don't know why you'd leave me alone.  
If it was true, if it was you  
Don't you think?, don't you think I would know?  
Amnesia: every memory fades away till it's gone  
Where did you go?  
Amnesia went from everything to nothing  
No 'we' anymore, she's a stranger that I used to know

(Hey)

(Ooh, ah)

I could feel it almost starts to change  
But then it hurts too much, I let it go away

[Bridge]

So cold baby (so cold), now I'm going crazy  
I don't know why you'd leave me alone.  
If it was true, if it was you  
Don't you think?, don't you think I would know?

I got amnesia, every memory fades away till it's gone  
Where did you go?

Amnesia: everything and nothing  
No 'we' anymore she's a stranger  
Amnesia: every memory fades away till it's gone  
Where did you go?  
Amnesia: everything and nothing  
No 'we' anymore she's a stranger that I used to know  
And I don't know you anymore  
Everything and nothing  
Everything and nothing  
She's a stranger that I used to know  
Amnesia, amnesia, amnesia

Go on and tear me apart  
And do it again tomorrow  
I almost forgot, who you are  
I try to forget about it every time I see you, see you  
Thought I could do without you  
Now I know I need you, need you  
This is turning into some kind, kind of amnesia, amnesia  
Memories fade away  
Love is so insane  
I try to forget about it every time I see you, see you  
Thought I could do without you  
Now I know I need you, need you  
This is turning into some kind, kind of amnesia, amnesia  
Memories fade away  
Love is so insane  
So tear me apart and do it again tomorrow  
I almost forgot who we are  
I'll let you drive me crazy for another day  
Isn't this love insane, insane? Yeah....
