

Turn Out My Lights

Justin Townes Earle

Same old blues comin' 'round again
Every night about this time
And it's callin' me like a long lost friend
When I turn out my lights

I can see you in my dreams
Every time I close my eyes
And just like I knew you'd be to
Give me through the night

I can feel the darkness fall
Like the rain against the wind blows
And I can hear your memory like a
Dream outside my window babe

Even though I know you're gone
I don't have to be alone now
You're here with me every night
When I turn out my lights

When I turn out my lights tonight
And look into your eyes
I know it's gonna be alright
When I turn out my lights

'Til it's them same old blues comin' 'round again
Every night about this time
And it's callin' me like a long lost friend
When I turn out my lights, turn out my lights
