

# Nothing Better Than A Journey To You

Justin Vernon

from the moment the arms of the midwestern sky  
broke down to the pavement  
in a vehicle ragged returning  
nervously brave, making my way to you

heaters have broken, it's cold every day  
in the mysteries at the top of my mind  
I've never reached an answer, I'm only given clues  
nothing better□ than a journey to you

I ain't got a whole lot of things on my list  
just the freedom and the will to choose  
I've got you on my mind□ and nothing to lose  
nothing better than a journey to you

in the thick of the night my stomach is sore  
I think I'm unable to carry on  
as the lighthouse gets smaller I'm closer to torn  
nothing better on a journey to you

and sometimes I may stumble  
and sometimes I wonder what love is  
and I wonder what it's like  
to hold true, so close to you

I might be wrong, but Mary I need to get to you  
I know I have hours to go  
I just□ said I'd be back and watch the sky blue  
nothing better than a journey to you

I want to grow old with you, no matter how long it takes  
in the back of my mind you sit  
always setting in the motion, I know  
nothing better than a journey to you

from the dark desert highway  
to the mountains of Colorado  
keep a candle burning at the back of my eyes  
of you sleeping, ceasing

my words bleed from this guitar like you hear someone speak  
like an oak to the wind in the trees  
I know you're for sure with me but I□ still feel like saying  
thank you and please

and every time you sneeze as a wise man once said  
I believe in love  
when the breast of the hills meets the color of the sea  
like your soft cheeks meet the blue eyes looking at me

it's amazing trying to put into words the message coming truly in song  
like one I am□ simple, our brains too big to use  
nothing better than a journey to you

I won't be quoting some book to conclude in some proof  
you're only 99 percent so amazing to me  
but to see the smallest tree and the amount that it grew

at the end of a journey, there's you  
at the end of the journey, there's yo
