

# Don't Ask, Don't Tell

K-Ci & JoJo

How is it that I love yo  
But wanna only for one day  
Be that as it may  
Believe me when I say  
I love to love you baby  
Respecting how I feel  
To be human nature  
Cause I know you [?]

That's why I play it cool  
That's why, never asked about you  
She never ever, she never, she never ever  
She never asked about you

And they say don't ask don't tell  
She ain't going nowhere  
And I ain't going nowhere  
Even though we're going nowhere fast  
And they say don't ask don't tell  
She ain't going nowhere  
And I ain't going nowhere  
And thought she don't ask I don't tell

Now I'm a adjust to how I plan to be  
Baby girl you gotta believe  
But it don't matter now cause  
How it worked out, we were doing the same  
And I never lied o you  
I never felt the need  
And went here to give  
Cause you never tripped  
This is how it had to be

That's why I never called your phone  
That's why you neevr called my home  
I let you do you  
You let me do me we both know

And they say don't ask don't tell  
She ain't going nowhere  
And I ain't going nowhere  
Even though we're going nowhere fast  
And they say don't ask don't tell  
She ain't going nowhere  
And I ain't going nowhere  
And thought she don't ask I don't tell

One day baby won't be a thing  
You made me put a ring on her finger  
Girl you can see it wouldn't be grand  
Btu until that day  
You know what they say

And they say don't ask don't tell  
She ain't going nowhere  
And I ain't going nowhere  
Even though we're going nowhere fast

And they say don't ask don't tell  
She ain't going nowhere  
And I ain't going nowhere  
And thought she don't ask I don't tell

And they say don't ask don't tell  
She ain't going nowhere  
And I ain't going nowhere  
Even though we're going nowhere fast  
And they say don't ask don't tell  
She ain't going nowhere  
And I ain't going nowhere  
And thought she don't ask I don't tell
