

Just For Your Love

K-Ci & JoJo

I see the tears
I caused you to cry
Now I know it was a mistake

When I lied
Not a day goes by
I don't wish to see your eyes
I wish I could bring you back my way
Everyday for your love I pray
For your love baby
For your love
I would do anything baby
For your love

I would go anywhere honey
And just for your love I would do anything
It's been awhile

Since I felt your embrace
Things are so sad in my dreams
All I see is your face

I dream about the day you said goodbye
For you your love I'll climb any mountain
It doesn't matter how high baby
For your love

I would do anything baby
For your love
I would go anywhere honey
And just for you love, I would do anything

Anywhere
Anything
Just name the song baby I'll sing
There is nothing I wouldn't do for you
