

Big Big Love

k.d. lang

Oh can't you feel my love a' growin'
Can't you feel it, ain't it showin'
Oh you must be knowin'
I got a big big love

It's not the type to be concealing
It's the type to be revealing
Oh, you must be feeling
I got a big big love

I think it's time we done some walkin'
I think it's time we done some talkin'

Well there's a great big moon above
Honey, I got a big big love
This is not infatuation
It's true love's sensation
It's not my imagination
I got a big big love for you

It's time we done some walkin'
I think it's time we done some talkin'

Well there's a great big moon above
Honey, and I got a big big love
This is not infatuation
It's true love sensation
It's not my imagination
I got big big love

It's not the type to be concealing
It's the type to be revealing
Oh, you must be feeling
I got a big big love
I got a big big love
I got a big big love
I got a big big love for you
