Just a kiss just a kiss
I have lived just for this
I can't explain why I've become
Miss Chatelaine

Just a smile just a smile Hold me captive just a while I can't explain why I've become Miss Chatelaine

Every time your eyes meet mine Clouds of qualm
Burst into sunshine

Just a sigh just a sigh
Words my love just reply
I can't explain why I've become
Miss Chatelaine
Miss Chatelaine

Just a smile just a smile Hold me captive just a while I can't explain why I've become Miss Chatelaine

Every time your eyes meet mine Clouds of qualm
Burst into sunshine
