

Save Me

k.d. lang

Save me, save me from you
But pave me the way to you
Lead me upon the captive free
Gracious and tame like love can be
Lead me upon

Spoil me, spoil me with you
And sell me with the world of you
Watch over me with a mother's eyes
Judging my worth only to glorify
Watch over me

Save me, save me
Save me, save me

Carry, carry me through
And bury all my doubts of you
Clothe my desire with spell or prayer
I'll shroud every sign of need I swear
Clothe my desire

Save me, save me
Save me, save me

Save me, save me
Save me, save me
Save me
