

Sorrow Nevermore

k.d. lang

Sorrow nevermore
A favor to myself
I'll put you on a shelf
Forevermore

Sorrow say good-bye
Love has turned the tide
And I'm not gonna hide
Anymore

Troubles what are they
But pebbles in my shoes
I'll walk away these blues
In my barefoot way

Troubles, who are you
Knocking at my door
I've seen your face before
In sadder days

If all you have to offer me is tragedy
I'll learn to live without your charity
So in the meantime
Keep your gold

And I'll keep my soul
Sorrow say good-bye
Sorrow say good-bye
Cause I'm not gonna hide
Anymore
