

Sugar Buzz

k.d. lang

Oh, sweet thing, you're just like
a Sugar Buzz,
Doing to me just
what sugar does.
The heart is full,
if it ever was,
I so high like I
was on some devil's drug
You lift me up
straight to the top
Suspended me
until I drop.

Can't get enough,
I can live without it,
Can't get enough!
What this love does to me,
To me, sugar buzz?

You got me wound up tight
as I could be,
Spinning like the world
without its gravity,
Sometimes I wish I never tasted this
What on earth is this stuff?

Can't get enough,
Can't get enough!
What this love does to me,
Can't get enough!
What this love does to me, sugar buzz?
