

# Surrender

k.d. lang

Your life is a story  
I've already written  
The news is that I am in control

And I have the power  
To make you surrender  
Not only your body but your soul

Tomorrow never dies, surrender  
Tomorrow will arrive on time  
I'll tease and tantalize with every line  
Till you are mine  
Tomorrow never dies

Whatever you're after  
Trust me, I'll deliver  
You'll relish the world that I create

Tomorrow never dies, surrender  
Tomorrow will arrive on time  
I'll tease and tantalize with every line  
Till you are mine  
Tomorrow never dies

The truth is now what I say  
I've taken care of yesterday

Tomorrow never dies, surrender  
Tomorrow will arrive on time  
I'll tease and tantalize with every line  
Till you are mine  
Tomorrow never dies  
Tomorrow never dies  
Tomorrow never dies
