

## Tears Of Love's Recall

k.d. lang

Love  
Thing of might and dread  
Stays the saviour and poison to all  
Of heart and head

Love  
Force of death and birth  
Still lies naked when next to the truth  
So spins the earth

The tears of love's recall  
Like blood to chocolate fall

(And) love  
The common salt of thirst  
Runs like water and cuts through the lives  
Of blessed and cursed

The tears of love's recall  
Like blood to chocolate fall

The tears of love's recall  
Like blood to chocolate fall
