

Tune Into My Wave

k.d. lang

Well, if you wanna keep me movin' then take my heart
I got a one way ticket, don't you know
If you're too gone to rock to get to where you're goin'
Start into my station baby, look what

Wake up, take it up in your hands
And switch it over to my band
I got somethin', anythin' you need
So dial K.D.Lang on your trucker's CB

Hey now, baby turn off the news, you're drivin' me crazy
Hey now, baby, please
Tune into my wave
Tune into my wave

Hey, listen to me, baby listen to me
Got a rock my baby boogie and an alligator shoe
I got one foot, two foot, sugar foot rags
Turn on to my station baby, don't be a drag

Listen to me, baby it's understood
I got while, in cowboy boots groovin' to my daddy
On my daddy radio, can you dig it like I dig it?
Can you dig it at all?

Hey now, baby turn off the news, you're drivin' me crazy
Hey now, baby, please
Tune into my wave
Tune into my wave
Tune into my wave
Tune into my wave

Well, you got everything you need, don't touch that dial
Stakin', I'm not fakin' till you dig it a while
I know I'm right, I just can't be wrong
Need a little help to make you come undone, so relax

Loosen your noose, tune in or tune out
To get into the groove can you dig it like I dig it?
Can you dig it with me?
When the rockabilly move it, you might break up the scene

Hey now, baby turn off the news, you're drivin' me crazy
Hey now, baby, please
Tune into my wave
Tune into my wave
Tune into my wave
Tune into my wave

Tune into my wave
Tune into my wave
Tune into my wave
