

## You're Ok

k.d. lang

I am wrought with paranoia  
for I have brought myself before you  
nakedly awaiting you're ok  
could I be that I annoy you  
flaunting ways that I adore you  
I have no control here either way

I awake at night with it  
and in spite of it  
it unravels me  
it's begun to frighten

is it so that my persistence  
blocks the path of least resistance  
maybe I'm just getting in your way

but i'm alright  
if you're ok

Can you offer some assistance  
Let me in on how for instance  
I should be convincing you to sway

I awake at night with it  
and in spite of it  
it unravels me  
it's begun to frighten me  
but I'm alright  
if you're ok

I'm alright if you're ok
