

Take This Dollar

K'jon

It's been a while, how old are the kids now
Since I last seen ya, you bought brand new house
And i was So proud of you cuz later
You were making that paper rising above all the haters
I know you'll do anything for your family
But I'm glad that you came to me
I know it ain't easy

Oooooo Don't say a word cause it's written on your face
Oooooo c'mon were family

Hook

Gone take this dollar, if you need it
Go head and just receive it
I'll be okay, it's nothing
So Gone take this dollar if you need it.

Now don't be that way I'm saying
Gone take this money i ain't playing..
I'm glad I got it, you would do the same for me
It's not a lot but you're making sure the kids will eat.
I've been on the other side it's a cold feeling, I won't lie
My- pride got the best of me I could've died so you best believe
I don't want - to see suffer - you my people, you're my brother
Want you to know, you got me me where ever you go o o o

Oooooo Don't say a word cause it's written on your face
Oooooo c'mon were family

Gone take this dollar, if you need it
Go head and just receive it
I'll be okay, it's nothing
So Gone take this dollar if you need it.

I've been in your shoes before, and it ain't pretty it's a pitiful
Story that I don't enjoy. But if you need it. And if I got it.
Don't argue with me
Gone gone take this dollar

Gone take this dollar, if you need it
Go head and just receive it
I'll be okay, it's nothing
So Gone take this dollar if you need it.

Gone take this dollar, if you need it
Go head and just receive it
I'll be okay, it's nothing
So Gone take this dollar if you need it.

ohh if you need it
