

Wonderland

K'jon

I can be the president
i can have money it would make no sense
if I didn't have you to share it with
i want to spend it with you

I can be the queen of spain
I can have the fortune and the fame
but without you boy, it will be in vain
I just want it all with you

your love means everything
its more than what life can bring
you take me to wonderland over and over and over and over again

your love means everything
its more than what life can bring
you take me to wonderland over and over and over and over again

It can be a storm
it can even rain all day long
but you are my umbrella
to keep me safe and warm
ohhhh

It can be a meter shower
and I will be right there beside ya
something about ya
I cant live with out ya
i wanna be with you

your love means everything
its more than what life can bring
you take me to wonderland over and over and over and over again

your love means everything
its more than what life can bring
you take me to wonderland over and over and over and over again

Girl i see the smile on your face
and it erase all of the stress and the worries of the day
and no one

noone can ever take your place
some how you just take me away to a special place
and I love you babe so take me away

your love means everything
its more than what life can bring
you take me to wonderland over and over and over and over again

your love means everything
its more than what life can bring
you take me to wonderland over and over and over and over again

your love your love
means everything to me
over over over

your love means everything
its more than what life can bring
you take me to wonderland over and over and over and over again

your love your love
means everything
over over over
