

Take You Away

K-Marco

I wanna take you away
a little piece of heaven we'll call it a day hey
I know you will enjoy your stay today
what's mine is yours so enjoy your day hey
I wanna take you away
and be the best that I could be so
you'll remember your way hey
I know you will enjoy your stay
today my plans are yours so I'm on my way hey

It's cause I do what I do that you like who I am
cause I go where they don't and I don't give a damn
I put it all on the line I'm a gambler baby
time is money so follow me
what if I take you to Paris au champs elysees
maybach hit the city by night, with a dom rose
down in st. tropez that's where we'll kick back
relax take it easy baby just lay back
and let me take you to the top of the world
introduce you to diamonds and pearls
I'm not stupid so I live and I learn
that life is too short so ride with me girl
my, my mind relaxing like nothing can happen
paparazzi snapping so fuck them ignore them
it's just a night out like I do daily
for them it's a hot pick of me and a sexy lady

I wanna take you away
a little piece of heaven we'll call it a day hey
I know you will enjoy your stay today
what's mine is yours so enjoy your day hey
I wanna take you away
and be the best that I could be so
you'll remember your way hey
I know you will enjoy your stay
today my plans are yours so I'm on my way hey

so let me take you offshore on a benetti yacht
you deserve only the best and that can always be bought
you want to push it a little further that can always be thought
I don't know how much you like me but it better be a lot
cause you know I wanna take you way over the top
just like you were day dreaming far away from your block
look at the size of that baby
look at that rock on you lady
I see the swag that you're getting now it's ok girl go crazy
now I know I might not be your typical man
although your body loves me I got the magical hands
that turns your love into passion, turn your house into mansion
millions of dollars in action I'm 28 did I mention?
now let me do it like I'm supposed to, girl I'm going to show you
all the respect that I owe you,
and we could be like we're supposed to be
the 08 bonnie and clyde like hov and B
let's roll

I wanna take you away

a little piece of heaven we'll call it a day hey
I know you will enjoy your stay today
what's mine is yours so enjoy your day hey
I wanna take you away
and be the best that I could be so
you'll remember your way hey
I know you will enjoy your stay
today my plans are yours so I'm on my way hey
