

# I Don't Like Me

K. Michelle

Ta-ta-ta-ta

Laying in this bed with this man  
I know it's sex, but I wish it was more!  
Praying when he get out this bed  
He'll feel the same way he did before!  
But I know good damn well when he walks out of that door  
I ain't gon' hear from him anymore.

Cause if I let him do it, I did it to myself  
And I was so dumb, I admit it, I need some help!  
Cause all that I can see is she's prettier than me  
Damn, I wish I had her body!  
I can hear my self-esteem  
I don't like me, me!

And I don't feel so pretty today  
This mirror don't look the same  
Thought I liked the woman I was  
But people keep saying, "Change!"  
Maybe they're right!  
I made a mess of my life!  
I don't know where or when I lost my sight!

Cause if I let him do it, I did it to myself  
And I was so dumb, I admit it, I need some help!  
Cause all that I can see is she's prettier than me  
Damn, I wish I had her body!  
I can hear my self-esteem  
I don't like me, me!
