

Love 'Em All

K. Michelle

Heart beats, but I don't feel
I touch, but it ain't real
They say I move too fast
Going man to man
Always holding a new hand
Why can't they understand
Sex is irrelevant
Just a game in my head, I'm playing and I'm winning

(Oh) I broke another heart today
(Oh) and I didn't care I just walked away

'Cause they think I love 'em
But I love 'em all, love 'em all ye-yeah
I need another one to get over the other one
Another one, ye-yeah
'Cause they think I love 'em
But I love 'em all, love 'em all ye-yeah
I need another one to get over the other one
Another one, ye-yeah

They all wait for my call
They all want me to fall
All these men, they're a mess
Want me like the rest
I'm content not giving my best

Why can't they understand
Sex is irrelevant
Just a game in my head, I'm playing and I'm winning

(Oh) I broke another heart today
(Oh) and I didn't care I just walked away

'Cause they think I love 'em
But I love 'em all, love 'em all ye-yeah
I need another one to get over the other one
Another one, ye-yeah
'Cause they think I love 'em
But I love 'em all, love 'em all ye-yeah
I need another one to get over the other one
Another one, ye-yeah

Maybe one day I'll settle down
But for now
I'll just play around
And I'll make them feel good
That's how I get 'em
Making all feel special
Then I'll forget them
So I won't hurt
I keep a lot of them
And I love 'em all

'Cause they think I love 'em
But I love 'em all, love 'em all ye-yeah
I need another one to get over the other one

Another one, ye-yeah

'Cause they think I love 'em
But I love 'em all, love 'em all ye-yeah
I need another one to get over the other one
Another one, ye-yeah
