

# Highway 7

k-os

Nah nah nah...hey...hey...

I was down to my very last song  
Didn't even know which way to go  
Couldn't believe that this was happening  
I said, "God please don't put me back"  
I didn't even see there was blood on my tracks  
I was still compromising

And then the rain came and the sun went down below  
And the city arose from the water it was all for show  
And I realized what was happening  
I had to pay the toll  
It's true that you lose your mind when you can't control

But I was a fool to think I could play this game with you  
Cause I was born to walk this higher road forever  
There's no understanding all the things that people do  
Cause when this higher road comes down, we'll be born together  
Said when this higher road comes down, we'll be both forever

Yeah I was down to my very last friend  
I was on highway Kevin again  
Tell me why it's so hard to stay  
In your place in the arms of who you want  
Seems I got too close to the sun  
I was burning burning burning burning

And then the rain came and the sun went down below  
And the city arose from the water and the water flowed  
And I realized what was happening  
You have to pay the toll  
True that you gain your soul  
When you lose control

Fool to think that I could play this game with you  
Cause I was born to walk this higher road forever  
See there's no understanding all the things that people do  
But when this higher road comes down, we'll be born together  
Said when this higher road comes down, we'll be both forever

Hey at night I toss and turn  
Cause it seems I haven't learned  
That the more that you fight and the more that you tried  
That's the way that you're making the storm  
Oh if I had my way  
I would bring you back to stay  
But you're gone and all I got is the crown that you wore  
Is the crown that you wore  
Is the crown that you wore  
Is the crown that you wore  
Is the crown that you wore  
Is the crown that you wore  
Is the crown that you wore  
Is the crown that you wore

Highway rose

Highway rose  
Highway rose
