Walk Away

I will walk away from you (Don't stop me) I will walk away from you (Don't blame me)

I have felt the ugly midget kicking on my knee I have seen the ugly midget walking over me

I will tell you what I've learned We're through as far as I'm concerned Break up and just before we do I will walk away from you

I will walk away from you (Stop me) I will walk away from you (Blame me)

I have had enough of you Tell me you hate me too Or embrace me and forget What I have said to you

I will tell you what I've learned We're one as far as I'm concerned Make up and just before we do I will be walking back to you

Walking back to you Walking back to you Walking back to you Walking back to you
