

# All For You

K-Young

[Verse 1:]

Like a breeze so refreshing opens, like a flower blossom in the  
spring time

Your the only one I called on when I need time

Your the only one I ever guaranteed time, woa

[Chorus:]

Change on me... you changed on me

First your cold then your hot pouring rain then you stop

You be flippin for no reason you change like the seasons

Spring summer (woaa) shopping sprees, dinner I did it

All for you

I did it all for youuu

Yeah he yeah he yeah he heee all for you

Yeah he yeah he yeah he heee all for you

[Verse 2:]

I can remember feeling our bodies made under the sun ray's

How could you cover our love up with a cloud of smoke

January to july you are my december sky

And you are the reason why it's cold in the winter time

[Chorus:]

You changed on me... you changed on me

First your cold then your hot pouring rain then you stop

You be flippin for no reason you change like the seasons

Spring summer (woaa) shopping sprees, dinner I did it

All for you

I did it all for youuu

Yeah he yeah he yeah heee all for you

Yeah he yeah he yeah heee

I thought we would still be eternally in love

No point in frontin like we ain't got problems cus we falling o  
ff like the leaves in the autumn

Ohh yeahh

Spring summer (woaa) shopping sprees, dinner I did it

All for you

I did it all for youuu

Yeah he yeah he yeah heee all for you

Yeah he yeah he yeah heee

All for you [repeated]
