

Broken Hearted

K-Young

Broken hearted, hearted
I don't wanna leave you so
Broken hearted, hearted
You deserve more, bottom line
Cause I've been bullshitting you
Lying all this time
And it's killing me
Hurting you baby, it's killing me
But I love someone else
And I can't help it
I've tried, no lie
I've tried, no lie
I'm attracted to the way
She looks me to my face and says

I love you, love you, love you
I love you, love you, love you
I love you x 2

Broken hearted, hearted
I don't wanna leave you so
Broken hearted, hearted
You've been my ride or die
So many times
How could I be so fucked up
Look you right in the eyes
Say you my only one
You can never be my only one
Cause I love someone else
But I love someone else
And I can't help it
I've tried, no lie
I've tried, no lie
I'm attracted to the way
She looks me to my face and says

I love you, love you, love you
I love you, love you, love you
I love you x 2

The moon, the stars, the sun, the heaven
All align, when I'm next to her
And I would do anything, anything
To make this last for another millennium
Sorry I'm not the man for you
Don't get confused
Cause if it really ain't real
Then what's the use
He playing, but the sex
You know I can't forget about the sex
Broken hearted
