

# Do Me

K-Young

[Verse 1:]

I wanna rock your body  
So pick up the phone it's me calling  
You gotta hit me right  
Though it's late at night, oh girl  
Shawty know you got me  
When I start promise you, won't stop me  
I'm on my way and I  
Need to get inside of you girl

[Chorus:]

It's in the way (You do me)  
Oh I can't wait (Please do me)  
Don't hesitate (Just use me)  
I'll give it to you  
Oh, I miss the way (You do me)  
It's in your face (Oh do me)  
Girl there's no way (You'll lose me)  
I'm a give it to you

[Verse 2:]

Open up your window  
Play the music down nice and low  
Let's get it nice and hot  
Show me what you got, oh babe  
I'm a put it in slow  
Tell me which way you want me to go  
Oh when I hit your spot  
We gone make it pop  
Oh lady  
Yeah

[Bridge:]

Baby you know I (need ya)  
I don't wanna play or (tease ya)  
You can get it that's your leisure  
When I'm done I won't (leave ya)  
Let me give it to you (this way)  
I want all your loving (today)  
Every drip drop girl (don't waste)  
Let me get it all night and day

[Chorus:]

It's in the way (You do me)  
Oh I can't wait (Please do me)  
Don't hesitate (Just use me)  
I'll give it to you  
Oh, I miss the way (You do me)  
It's in your face (Oh do me)  
Girl there's no way (You'll lose me)  
I'm a give it to you

[Verse 3:]

It's a freaky, freaky, freaky situation  
Oh yes it is babe
