

Don't Ever Leave Me

K-Young

It's dangerous how you make me feel
When my heartbeat gets to jumping, girl, I know it's real
And your kisses, shit, so damn ridiculous

I can't forget about how you sex me down so good
I won't do you wrong
She be in my ear like

Baby, don't ever leave me, no, no
Don't ever leave me, baby
Don't ever leave me, no, no
Don't ever leave me

Baby, don't you cry tonight, no
Let's make love under the moonlight
Tryna make it, take me serious
Promise no more playing
You can put your trust in me
Baby girl, that's all I'm saying

When I'm on top she's screaming yeah!
Don't you ever let go
When I'm on top she's screaming yeah!
Just so you know

I can't forget about how you sex me down so good
I won't do you wrong
She be in my ear like

Baby, don't ever leave me, no, no
Don't ever leave me, baby
Don't ever leave me, no, no
Don't ever leave me

Yeah!
When I'm on top she's screaming yeah!
Just so you know
