

Half On A Baby

K-Young

It's been a while... we made love but tonight I'm taking it over

Tonight the wait is over, first time

I'm laying you down, turning you up

Cause when we're making love I see the angels above

So many tries hold me I need for you to show me

You'll never leave me here alone

Cause I can't eat and I can't sleep the air I breathe it just doesn't feel the same

I'm willing to do half for the baby, I'm willing to do half for the baby, half for the baby

Don't leave me here alone

Cause I can't eat and I can't sleep knowing that I'm ready to go half for a baby

If we had a future, and we had a baby

And when... starts going down, I'm gonna take it all

Cause when you're in love you do things you're not used to

That's why the angels above told me to keep you all of me

All of me, all of me, all of me, all of me

So baby just hold me, forever

I need for you to show me,

You'll never leave me here alone

Cause I can't eat and I can't sleep the air I breathe it just doesn't feel the same

I'm willing to do half for the baby, I'm willing to do half for the baby, half for the baby

Don't leave me here alone

Cause I can't eat and I can't sleep knowing that I'm ready to go half for the baby.
