

# Knotts In My Pocket

K-Young

Oh, knoooo, knoooo, yeah

She said she love the way my jeans hang low  
From the knoooo-na-na na, knots in my pockets  
knoooo-na-na na, knots in my pockets  
I spread it all on the bed then we sex on it  
If she fiend for the bread give her what she want  
She love that knoooo-na-na na, knots in my pockets  
knoooo-na-na na, knots in my pockets  
50's, 100's, it don't really matter  
But she's going home with me

I got knoooo-na-na na, knots in my pockets  
knoooo-na-na na, knots in my pockets, hey

Keep pulling me in baby  
That sexy dance you do  
It got some kind of hold on me  
Hey love  
You're pushing that thing real close upon me  
Hey love, I like it  
Don't stop doing that nasty, whoa  
I put my money where my mouth is  
I got a feeling I'm behind let's get out here  
I give her a taste of the good life

This could be your one last chance, for love  
I'm the one to save ya, your love

I put my money where my mouth is  
I got a feeling I'm behind let's get out here  
I give her a taste of the good life

She excited, 50's, 100's and 20's, real crispy
