

Shinin

K-Young

(Verse)

Oh, baby here we go
My girlies at the door
Ya hear them high heels clickin up the street
We bout to get it in, 5-50 bands
We know how to get crump
Feels good when you turn the music on
Ride real clean, yo shoes is chrome
Bless, my Jimmy Choo's is on
I'm lookin for the one who can turn me on

(Pre-Hook)

So bring yo A game and that swagger
Now baby can you swag it up on me?
I got my Louie frames on and we bout to get it on
In the back having fun low key
Woah I I I I I
He said he never met a girl this fly-y-y
Well I ain't the type of girl that's shy-y-y
If I like what you talkin we'll ride

(Hook)

We shinin
I know you seen my diamonds, they shinin
I know you seen my lip-gloss is shinin
And you know I ain't ridin
Every time you see me I'm on my grind
Let me put you on the shine, you can shine like me
Really ain't hard when you shine like me
You could be a star when you shine like me
I really need a man that can shine like me

(Verse)

Oh! This what I'm talkin bout
Look at him stuntin with his boys, watch him work it out
And when he finds what he wants he gon call it out
I can tell from afar he's a baller, baller

Didn't take long to notice me
He made his way through to get close to me
Smellin good like he's pposed to be
So when you approach me

(Pre-Hook)

Bring yo A game and that swagger
Now baby can you swag it up on me?
I got my Louie frames on and we bout to get it on
In the back having fun low key
Woah I I I I I
He said he never met a girl this fly-y-y
Well I ain't the type of girl that's shy-y-y
If I like what you talkin we'll ride

(Hook)

We shinin
I know you seen my diamonds, they shinin
I know you seen my lip-gloss is shinin

And you know I ain't ridin
Every time you see me I'm on my grind
Let me put you on the shane, you can shine like me
Really ain't hard when you shine like me
You could be a star when you shine like me
I really need a man that can shine like me

(Hook x2)

We shinin
I know you seen my diamonds, they shinin
I know you seen my lip-gloss is shinin
And you know I ain't ridin
Every time you see me I'm on my grind
Let me put you on the shane, you can shine like me
Really ain't hard when you shine like me
You could be a star when you shine like me
I really need a man that can shine like me
