

# Family Is Family

Kacey Musgraves

They're there for your first year, they give you your first beer  
When you get your heart broke, they're there for your worst year  
Don't get you at all, but your apple don't fall too far from 'em  
They own too much wicker and drink too much liquor  
You'd wash your hands of them, but blood's always thicker  
You might look just like 'em; that don't mean you're like 'em  
But you love 'em

Family is family, in church or in prison  
You get what you get, and you don't get to pick 'em  
They might smoke like chimneys, but give you their kidneys  
Yeah, friends come in handy, but family is family

They're there when you're married, divorced, and remarried  
You fall out of touch, but then someone gets buried  
And you're right back together like no time has ever gone by  
Can't live with or without 'em; you might talk about 'em  
But if someone else does, well, then you'll knock 'em out cause  
When it's all said and done, they're the only ones that you got

Family is family, in church or in prison  
You get what you get, and you don't get to pick 'em  
They might smoke like chimneys, but give you their kidneys  
Yeah, friends come in handy, but family is family

Yeah, family is funny, they'll ask you for money  
Even though they know you ain't got no money  
They show up at Christmas, get up in your business  
They might not be fancy, but family is family

You might look just like 'em; that don't mean you're like 'em  
But you love 'em
