

High Time

Kacey Musgraves

It's high time
To slow my roll
Let the grass just grow and lean way back
It's a fine time
To let it it all go
I've been too low, so it's high time

Been missing my roots
I'm getting rid of the flash
Nobody needs a thousand-dollar suit just to take out the trash
Ain't gotta be alone to feel lonely
I'm gonna turn off my PHONE, start catching up with the old me

It's high time
To slow my roll
Let the grass just grow and lean way back
It's a fine time
To let it it all go
I've been too low, so it's high time

Been all wrong
Just wanna feel alright
Tomorrow, I might come crashing down
But for tonight

It's high time
To slow my roll
Let the grass just grow and lean way back
It's a fine time
To let it it all go
I've been too low, so it's high time

I'm gonna let it all go
I've been too low, so it's high time
