

# My House

Kacey Musgraves

Who needs a house up on a hill  
When you can have one on four wheels  
And take it anywhere the wind might blow?  
You don't ever have to mow the yard  
Just hang a map and throw a dart  
And pray to God the engine starts and go

Water and electric and a place to drain the septic  
Any KOA is A-OK as long as I'm with you  
So come on hitch your wagon  
To the living room I'm draggin'  
If I can't bring you to my house  
I'll bring my house to you

Parking lots and county lines  
And counting mile marker signs  
Where the buffalo and antelope roam  
Greetings from Niagara Falls  
One more postcard for the wall  
Off in our own sweet home away from home

Water and electric and a place to drain the septic  
Any KOA is A-OK as long as I'm with you  
So come on hitch your wagon  
To the living room I'm draggin'  
If I can't bring you to my house  
I'll bring my house to you

In Washington, in Idaho  
In Oregon and away we go  
To Tennessee and Arkansas  
No, we won't stop 'til we've seen 'em all  
'Til we've seen 'em all

So what else could you ask for?  
You don't even need a passport  
To see the whole world from our living room  
So come on hitch your wagon  
To the happiness I'm draggin'  
If I can't bring you to my house  
I'll bring my house to you  
If I can't bring you to my house  
I'll bring my house to you

It don't matter where we go  
We'll never be alone  
Anywhere beside you is a place that I'll call home
