## **One Song**

Joshua Kadison

When a woman cries, when a woman cries She can wash your world away When storms fill her eyes, when storms fill her eyes You never know just what to say Don't say a word, don't say anything She don't need your truth or lies Just hold her close and love her When a woman cries When a woman cries, when a woman cries There is no sadder song So you apologize, you apologize Even if you don't know what you've done wrong But if you really want to make her happy To stop her sobbing and her sighs Just hold her close and love her When a woman cries Now don't you waste your time thinking 'Bout the right thing to say Just put your arms around her 'Til the clouds roll away When a woman cries, when a woman cries She can tear your dreams apart When storms fill her eyes, when storms fill her eyes It can break a, break a man's heart And if you find that you are crying too Don't let it come as no surprise Just hold her close and love her When your woman cries
