

Over the Sad Songs

Joshua Kadison

Singing the blues again an planet earth
back to beeing human with a broken heart.
Last year we loved like gods.
This year werre all at odds.
Three shows a night, Irm back.
And Irm tired of this old act.
Irm over the sad songs so find yourself,
another sad song singer!
Irm over the loneliness,
Irm over the pain you put me through.
Irm over the sad song so find yourself
another sad song singer.
If only this heart of mine
could believe this song Irm singing is true!
So find yourself another sad song singer.
Irm getting over you.
Thought Ird never play these songs again.
Funny I remeber every one!
Thought I made it out of here.
Thought I left this place for good.
Three shows a night Irm back.
Irm tied of this odl act.
Irm over the sad songs so find yourself,
another sad song singer!
Irm over the loneliness,
Irm over the pain you put me through.
Irm over the sad song so find yourself
another sad song singer.
