

Every Little Thing

Kai

The moment I saw you, I knew then and there that I liked you
The moment I saw you, I knew I had to get to know you
And the moment I caught your eye, I knew I had to give it at least one try
The moment I looked into those eyes, I knew someday I'd make you mine, all mine
I didn't know that you would be so right
I didn't know that you would be the one to come and change my life

Girl I love, every little thing about you babe
Said I love, every little thing about you babe
Girl I love, every little thing about you babe
'uz I'm mad about you, and every little thing about you babe

The way that you love me, so passionate and so intense
The way that you love me, no one can ever compare to this
You know that it feels so good, when you got me deep down inside
I love what you do to me, you keep me satisfied
You know just how to do me right
You know just how to keep me satisfied
You know just how to blow my mind
And girl you know you're so damn fine, that's why I love you

Girl I love, every little thing about you babe
Said I love, every little thing about you babe
Girl I love, every little thing about you babe
'uz I'm mad about you, and every little thing about you babe

It's the way you carry yourself
You don't compare to no one else
You got this cool sexy thing about you
I don't know what it is that you do when you do what you're doing to me
Girl it's hard to believe, knocks me off my feet, can't you see

Girl I love, every little thing about you babe
Said I love, every little thing about you babe
Girl I love, every little thing about you babe
'uz I'm mad about you, and every little thing about you babe
