

# I Got It

Kai

We've been good friends for awhile girl  
Can't stand to see you crying  
Now another boy is leaving  
He ain't what you been needing  
You're reaching to love in a distance  
Wishing no one would come into your life  
But I think I know what you're missing girl  
Now I made up my mind to tell you tonight

I got it, good love  
I got it, tenderness  
I got it, everything  
You've been missing in a man  
I got it, good love  
I got it, tenderness  
I got it, everything  
You've been missing in a man

This may come as a surprise girl  
But I think you should be mine girl  
So if you feel what I'm saying  
No need to keep it waiting no, no  
If you need to find you the right kind of lifetime  
Then baby I'll bring it all, yeah  
Lady it's time to decide if you're ready  
For loving that's strong  
Girl whatever you want

I got it, good love  
I got it, tenderness  
I got it, everything  
You've been missing in a man  
I got it, good love  
I got it, tenderness  
I got it, everything  
You've been missing in a man

Never gonna see me walking out  
That ain't what I'm all about baby  
Here for you forever  
Baby that's a fact  
And if you're wondering 'bout your back  
You know I got it  
I got it

I got it  
I got it  
I got it, everything  
You've been missing in a man  
I got it, good love  
I got it, tenderness  
I got it, everything baby  
You've been missing in a man

Everything you need girl in a man  
I got it  
Girl I got your back

You'll understand  
I got it  
Girl you'll never ever be alone  
I got it  
'Cause I know you want me  
And I know I need you  
I got it  
I got it, tenderness  
I got it, everything  
You've been missing in a man  
I got it, good love  
I got it, tenderness  
I got it, everything baby  
You've been missing in a man
