

# Without You

Kai

All that I keep thinking of  
Are memories of our love  
That's the way girl in my heart  
When you left a part of me just died  
I thought we'd be able to live a life..  
I life of paradise

But now you've left  
And all I have is gone  
A lonely heart and song  
I can't live without you  
I can't breathe without you  
It's the hardest thing  
My heart has had to do  
(Baby...ohhhh)

Girl I thought your love was right  
But suddenly I find  
Cupid shot a hole right through my heart  
An empty void  
There where you belonged  
And now all that's left of me is a  
I found out right from wrong

But now you've left  
And all I have is gone  
A lonely heart and song  
I can't live without you  
I can't breathe without you  
It's the hardest thing  
My heart has had to do  
(Baby...ohhhh)  
(2x)

Baby I've been waiting since you walked away (since you walked away)  
To see you turn around, and to hear you say (waiting to hear you say)  
(Say) you want me  
(Say) you need me  
(Say) you love me, now and always  
Baby believe me I need you to come back to me

But now you've left  
And all I have is gone  
A lonely heart and song  
I can't live without you  
I can't breathe without you  
It's the hardest thing  
My heart has had to do  
(Baby...ohhhh)  
(2x)

'Cause I feel you fading away  
(I thought that we were living life in paradise)  
(I thought that we were living life in paradise)
