

## Like It Too Much

Kaiser Chiefs

In nights of old  
They lined the roads  
Off with their heads  
And always lead  
Opinion polls

Going in and out of  
Another state of  
Try not to be obvious  
With a ringside seat

In uniforms  
Of green and gold  
Like crocodiles  
They march in files  
Of unison

Going in and out of  
Another state of  
Try not to be obvious  
With a ringside seat  
Going in and out of  
Another state of  
Try not to be obvious  
You get the first one free

I like it too much  
I like it too much  
I like it too much  
I like it too much

You are descended from animals  
And you are constructed of chemicals  
The one thing you can't have you like too much  
You look but you cannot touch  
I like it all too much

Like dominoes  
One only goes  
They all will fall  
Sail the ship  
Rock the boat
