## Man On Mars

**Kaiser Chiefs** 

Put a man on Mars today It wasn't the first time I've seen it all before Took my hat off in the rain today It wasn't the first time I've seen it all before Trust you Trust you Trust you to know everything about me Trust you Trust you Trust you to know everything about me all along And the coffee is medicine It's hard to remember I've seen it all before And the picture at the factory floor Rats in a suitcase I've seen it all before Trust you Trust you Trust you to know everything about me Trust you Trust you Trust you to know everything about me all along Put a man on Mars today It wasn't the future I've seen it all before Trust you trust you trust you to know eveything about me Trust you trust you to know everything about me all a long All along All along All along
