

## Meanwhile Up in Heaven

Kaiser Chiefs

Picture yourself by a rocket  
Picture yourself in a glittering silver suit  
Picture yourself getting on it  
Saluting the news crews, you're the new recruit

Do you remember the numbers  
Hung on the door of the house where you grew up?  
Do you remember the colours  
Tied round the handles of last year's FA Cup

Meanwhile up in Heaven, they're waiting for you, waiting for you  
u  
And if you believe them, you will see that when you  
[2x]  
Are ready to

Guided by love and a flashlight  
Led by consuming desire for a good idea  
Lighting the clock on the dashboard  
It's not worked ten years, but I know that it's still there

Meanwhile up in Heaven, they're waiting for you, waiting for you  
u  
And if you believe them, you will see that when you  
[2x]  
Are ready to

Your mind is the key, it is the key that sets you free  
[2x]

Meanwhile up in Heaven, they're waiting for you, waiting for you  
u  
And if you believe them, you will see that when you  
Are ready to...
