

# One More Last Song

Kaiser Chiefs

Roll the dice,  
Keep 'em guessing, asking questions  
One more time!  
Close the vice,  
Keep 'em pressing, teach 'em a lesson  
Hold the line!

Don't run through the door  
Open any doors, I promise,  
Acting silly, I haven't broken any laws,  
We're not the bad ones!

Not anymore alone, ay, ay  
Everybody taken to the streets  
Not anymore alone, ay, ay  
Everybody was [?] to the breach.

Cold as ice,  
Heavy heels, different shield  
Broken line!  
Shoulders, I see a Medea spin the wheel  
One more time!

Don't run through the door  
Open any doors, I promise,  
Acting silly, I haven't broken any laws,  
We're not the bad ones!

Not anymore alone, ay, ay  
Everybody taken to the streets  
Not anymore alone, ay, ay  
Everybody was [?] to the breach.  
Where every song was like one more last song  
Every song is like one more last song  
Not anymore alone, ay, ay  
One more last song!

Don't run through the door  
Open any doors, I promise,  
Acting silly, I haven't broken any laws,  
We're not the bad ones!

Not anymore alone, ay, ay  
Everybody taken to the streets  
Not anymore alone, ay, ay  
Everybody was [?] to the breach.  
Where every song was like one more last song  
Every song is like one more last song  
Not anymore alone, ay, ay  
Everybody taken to the streets  
Not anymore alone, ay, ay  
Everybody was [?] to the breach.  
Where every song was like one more last song  
Every song is like one more last song  
Not anymore alone, ay, ay  
One more last song!  
One more last song!

One more last song!  
One more last song!
