

# Out Of Focus

Kaiser Chiefs

It's like nothing happened  
When everything happened  
You took it away  
But that's the way I like it  
I find myself laughing  
Cuz everyone's laughing  
I don't belong  
Making up a number

Then there was nothing  
In my mind  
Then there was nothing  
In my mind  
I was just out of focus  
In my mind  
I was just out of focus  
In my mind

I wasn't behaving  
I wasn't invited  
She could put it away  
That's the way I like it  
It's not entertaining  
Being entertaining  
I don't even work here  
I operate the curtains

Then there was nothing  
In my mind  
Then there was nothing  
In my mind  
I was just out of focus  
In my mind  
I was just out of focus  
In my mind

Then there was nothing  
In my mind  
Then there was nothing  
In my mind  
I was just out of focus  
In my mind  
I was just out of focus  
In my mind  
I was just out of focus  
In my mind
