

Starts With Nothing

Kaiser Chiefs

It starts with nothing
And it ends in nothing
You start with nothing
And you leave with nothing
It'll start with nothing
And will end in nothing
You arrive with nothing
And you leave with nothing

You're on your own on the last train home
Open your eyes you have arrived
You're on your own again
At the end

It starts with nothing
And it ends in nothing
You arrive with nothing
And you leave with nothing

Nobody knows where the money goes
You are alive and a passerby
And leave it all behind
Never mind

It starts with nothing
And it ends in nothing
You start with nothing
And you leave with nothing
It'll start with nothing
And will end in nothing
You arrive with nothing
And you leave with nothing

Yes that is my final answer
Yes that is my final answer
Yes that is my final answer
Yes that is my final answer
Yes that is my final answer
Yes that is my final answer

You're on your own on the last train home
Another tunnel on the circle line
With nothing up your sleeve
As you leave

It starts with nothing
And it ends in nothing
You start with nothing
And you leave with nothing
It'll start with nothing
And will end in nothing
You arrive with nothing
And you leave with nothing
