

Try Your Best

Kaiser Chiefs

1. I can't do it any quicker
I don't want it any slicker
As far as the eye can see
Is miles and miles of icy sea.

R: So try your best
And think about it later
Or you will never know

2. I don't feel fear anymore
But I can't risk getting mauled
As far as the ear can hear
The wave is coming loud and clear

R: So try your best... (2x)

Which way your life could go
And you'll know when you know

R: So try your best...

Which way your life could go
And you'll know when you know
