

# Afraid Of You

Kajagoogoo

Reasons, I can't find the reasons  
To why on earth I act this way  
I can't relate to anybody  
Fearing, I lower defense again  
Running through my fingers  
I just hold my breath and count to ten, wo!

Have I really got control of myself?  
Have I really got control of myself?

I'm so afraid of you, wo oh!  
I don't know what I'm doing  
I'm totally infatuated with you  
It's gonna end in ruin

So what's the meaning of what I'm revealing  
To you and you alone I lay  
The burdens of my heart, I say, are bleeding  
And can't you remember them?  
Move across to touch my hand  
Controller of my soul again, oh!

Have I really got control of myself?  
I gotta really get control of myself?

I'm so afraid of you, wo oh!  
I don't know what I'm doing  
I'm totally infatuated with you  
It's gonna end in ruin  
I'm so afraid of you, wo oh!  
I don't know what I'm doing  
I'm totally I'm totally afraid of you  
It's gonna end in ruin

I'm so afraid of you, wo oh!  
I don't know what I'm doing  
I'm totally infatuated with you  
It's gonna end in ruin  
I'm so afraid of you, wo oh!  
I don't know what I'm doing  
I'm totally infatuated with you  
It's gonna end in ruin  
I'm so afraid of you, wo oh!  
I don't know what I'm doing  
I'm totally infatuated with you  
It's gonna end in ruin
