

On A Plane

Kajagoogoo

I thought you had a dreaming to fly
Until I saw the doubt in your eye
Tell you what I'll do, I'm gonna do, get on, get on out with yo
u now
I'll tell you what I'll do, I'm gonna do, travel on back with y
ou now

On a plane, you make no sound
You'll get your courage back again when we touch down
On a plane, take my breath away
I'll watch your courage come back again when we touch down

Fly with me, find peace in the clouds
The laws of gravity can't hold me down
Tell you what I'll do, I'm gonna do, get on, get on out with yo
u now
I'll tell you what I'll do, I'm gonna do, travel on back with y
ou now
Tell you what I'll do, I'm gonna do, get on, get on out with yo
u now
I'll tell you what I'll do, I'm gonna do, travel on back with y
ou now

On a plane, you make no sound
You'll get your courage back again when we touch down
On a plane, take my breath away
I'll watch your courage come back again when we touch down
