

This Car Is Fast

Kajagoogoo

Nobody knew the people who were needing to save time
So anxious to the little few unnecessary crime
Everyone saw your reasons for cruising for the ride
Breaking law was all he said why don't you stop inside

This car is fast
This car is fast
This car is fast
This car is fast

So keep it in mind you generally
mind a life just rushing by
Exceptionally and obviously
some people will even try
Sympathy is what I feel
but who would even care
When life is slow
and the pressure's on
Just let down the hair

This car is fast
This car is fast
This car is fast
This car is fast

Nobody has to know
The secret though
The world will want to know

As I understand this car is grand
it's leader in it's field
Though simple it seems to drive easily
and the guarantee is sealed
Don't wonder how to drive this car
just a simple rule to know
You should drive at the maximum speed
because we don't want to get bored

This car is fast
This car is fast
This car is fast
This car is fast
