

I Never Said I Love You

Kaki King

You're so beautiful, so strange, so lovely.
That's the truth.
But if you were the one, baby, you'd've heard it by now;
but I never said I love you.

You are a dream-come-true for someone,
but not for me.
Still, can't we have fun, darling?
I can't say what I don't mean.
You give me more than I can contain.
It hurts to know the truth,
but this will never go your way.
I never said I love you.

Sweet thing, come to me.
Sweet thing, come to me.
