

# How Many Roads

Kalan Porter

No turning back when I loose  
No regrets,  
No promises  
Just a passionate heart  
To pull me through

How many roads 'till I find my way  
How many roads if I leave today  
How many roads from the one that I've always known  
How many roads until I find my way home

Long days,  
Try to make a change  
Made a lot of choices in my life  
Some right,  
Some wrong  
But the best is yet to come

How many roads 'till I find my way  
How many roads if I leave today  
How many roads from the one that I've always known  
How many roads until I find my way home

I've come so far  
Life is one big road  
Which way to turn  
Until I find my way home  
I'm on my way  
No matter what it takes  
I know I'll find my way home

How many roads  
How many roads 'till I find my way home
